Photoshop download tutorial

1. To login at any time go to main Adobe site and use "Sign in": <u>https://www.adobe.com/#</u> Use your PVPSS email to log in (upper right.)

3. This is the Home page and you will see what apps are available to you

4. Select Photoshop to download, open the Photoshop installer from where ever you chose to download, then follow the prompts to install

5. Photoshop may take some time to download. Just be patient. You will be able to view your download progress on the Adobe Home page
