

Photoshop download tutorial 2026:

1. To purchase Photoshop, CLICK: [HERE](#)  
then select individual - PS Monthly, at US\$34.49 a month and click continue.
2. Select billed Monthly at US\$34.49/mo
3. Click continue
4. Enter your email and click continue
5. Enter Payment & Subscribe. - Do not forget to cancel your subscription after the course is over if you don't intend on using it further. It will auto renew!
6. Select Photoshop to download, open the Photoshop installer from wherever you chose to download, then follow the prompts to install. Photoshop may take some time to download. Just be patient. You will be able to view your download progress on the Adobe Home page
7. Before the class begins, you must purchase a subscription to Photoshop for a minimum of two months. You will sign into your Photoshop account using the email that you used to purchase it. The first assignment is Photoshop based, so it's recommended that you play with it a little beforehand.
8. To login at any time go to main Adobe site and use "Sign in" at the top right:  
<https://www.adobe.com> This is the Home page, and you will see what apps are available to you.
9. Make sure to allow Photoshop to access your Documents folder. If at any time you get a prompt that asks what you are using Photoshop for choose "Edit Photos"

You now have Photoshop. Enjoy!
